

A60: Engineered Cabins

**Bespoke work life solutions engineered for extreme environments,
to customer specifications**

Suretank provides a range of A60 DNV2.7-1 offshore workspace and accommodation modules to the global oil and gas and renewable energy industries.

Safely Servicing the Service Providers

With the growing demand for onshore and offshore temporary cabins Suretank's in house engineering team can provide a complete solution for working in hazardous environments. Suretank have been manufacturing for the Oil and Gas industry since 1995.

The A60: Engineered Cabins are designed to DNV 2.7-1, EN12079 and ATEX standards.

With full compliance for A60 fire protection as standard.

Customised Units:

- ROV Cabins
- Test Cabins
- Control Cabins
- Telecommunications Cabins
- Mud Logging Cabins
- Office Cabins
- MWD/LWD Cabins
- Accommodation Cabins
- Laboratory Cabins
- Equipment Cabins

Advantages:

- 🔗 Designed for Quality
- 🔗 A60 Passive Fire Protection
- 🔗 Hazardous Area Rated: Zone 1 / Zone 2 or Safe Area
- 🔗 Complies with Regulatory Requirements
- 🔗 Meets International Codes & Standards
- 🔗 Multiple sizes available: e.g. 10', 12', 14', 15', 20'. etc.
- 🔗 Bespoke Construction with optional ancillaries
- 🔗 Manufactured in accordance with ISO9001 Standards

All equipment designed, constructed and certified in accordance with DNV 2.7-1 / EN 12079 Structural Codes.

High Quality, High Specification

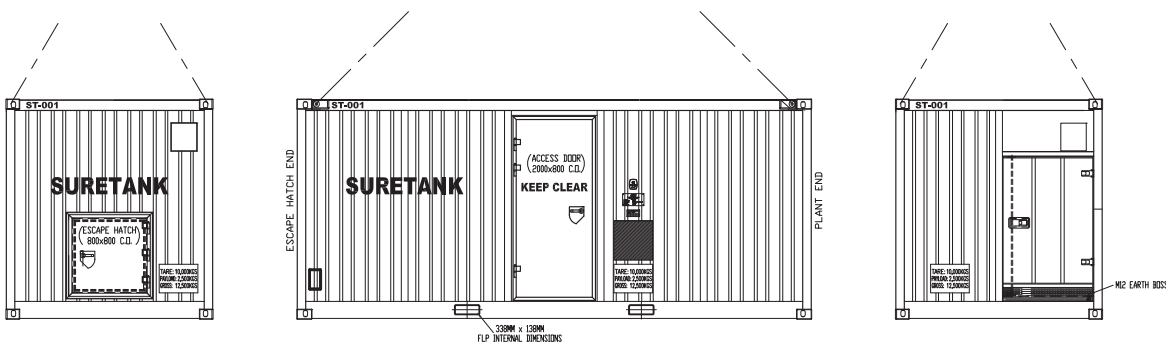

General Technical Specifications:

General:

- A60 Passive Fire Protection
- Hazardous Area Rated: Zone 1 / Zone 2 or Safe Area
- DNV 2.7-1 / EN12079 Structural Design Codes
- DNV 2.7-2 / EN50381 Certification
- ISO Container Dimensions for easy transportation.
- Approval by Lloyd's, DNV, ABS, etc. (As required)
- Combined Pressurisation Fire & Gas Panel
- Fire Detection
- Gas Detection
- Automatic Fire Dampers (Fail-safe)
- Air Conditioning – Split System
- Emergency Lighting
- Fire Extinguisher
- Fully Load Tested
- Quick Connections for Power, Telecoms and Alarms

Options:

- Flexible Internal Layouts
- Norsok compliant
- Non-standard Sizes Available
- Public Address System
- Escape Hatch
- Airlock
- CSC - Container Safety Convention
- Certified Lifting Slings
- Alternative passive Fire Protection Rating e.g. A0, A30, H Rated
- Fan Deployable for Remote Safe Area Installation
- Power Cable, Air Hose, Fan Cable
- Air Conditioning - Heating
